

December 29, 2016

To our guests of La Voute,

As 2016 comes to a close, I would like to take this opportunity to personally thank all of you who were our guests of La Voute. I was seldom there to personally greet you but I very much appreciate your support.

I owe Chef Dominique a large debt of gratitude for the enormous contribution he made in every aspect of our operation. We didn't always get it right but I assure you we are striving for it.

I want all of you to know that I derived a lot of satisfaction in serving you and the Southland community despite the challenges we faced. The most rewarding part of it all was the nice people I met and the great relationships that came from those encounters. Because of this, I look forward to next year with a lot of enthusiasm.

I wish you all a safe and memorable New Year celebration and a gratifying year in 2017.

Sincerely,

Claude Gendreau
